

Baptism

Line Match Game

How to Play:

- Cut down the long columns of both pages. Then, cut out picture individually.
- Place the “W” questions on the left side of the whiteboard in a tall column.
- Mix up the pictures, placing them out of order in a column on the right.
- Ask a volunteer to come up to draw one line between a word on the right and a picture on the left. In Junior Primary, go in order and ask everyone the questions, then have a helper come up to try to make the correct match.
- After each question, you can sing the verse all the way through again!
- You can use the “Why?” question to lead into the second verse if you’ll be teaching it, or just help the children understand briefly why Jesus Christ needed to be baptized. This is a great opportunity to tie in the Come, Follow Me lesson manual!

Extension Activity:

- In Senior Primary, you can have the kids draw the pictures, rather than providing them.
- Read the account in Matthew 3: 13-17 and discuss what we learn from this passage of scriptures. How can we follow Christ's example? What about if we've already been baptized, do we need to do anything else?
