

# I Feel My Savior's Love

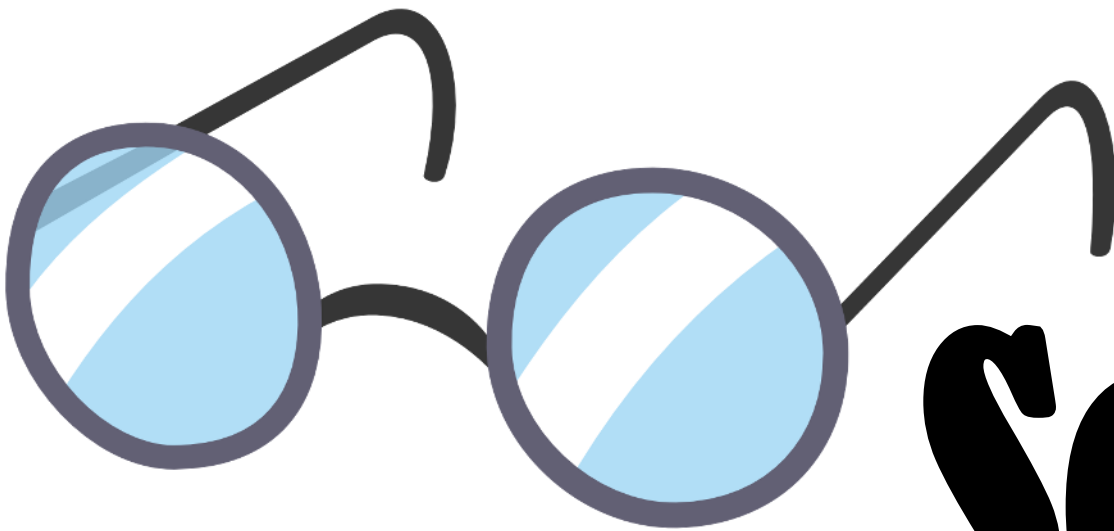

## Word Map

### How to Play:

- Sing through the song before starting the activity.
- Ask: What is this song about? (Answer: The Savior's Love!) That's right – this song is all about the Savior's love for us. Let's put this heart up in the center. I want you to look for ways the song says we can feel his love!
- Each time you sing through the song, add one more picture. Use tape or magnets to post the picture up on the whiteboard, or have a Primary friend help you do so, then draw a big thick line connecting the two.
- Continue through the song until you've connected all four additional pictures to the center heart.
- **Challenge activity:** Instead of bringing in pictures, you can have the Primary kids help you draw them and suggest easy drawings for world, warmth, see, and freely gifts, such as the clipart I've picked below.
- At the end of the activity, ask for what ways the children feel the Savior's love for them. Share a brief testimony of how you've felt the Savior's love.
