

Search, Ponder and Pray Crossword Puzzle

How to Play:

- Post the blank crossword puzzle. You can also post the crossword clues or leave them hidden. If posted, you may have some kids that race through the puzzle, and then don't pay attention. 😊
- You can leave the filled in puzzle in front of you on the music stand, for reference as needed.
- Start with the crossword puzzle and fill in the answers from the puzzle. Tell the class to try do figure out what song the crossword puzzle is talking about. Once solved, you can sing the song after each couple of filled in clues or if they are struggling with a clue then sing through the song to find the answer.
- You can let the kids pick any of the numbers (across/down 1-5), they do not have to be answered in order. If you decide to go in order, I would recommend starting with the across clues, as 1-down is a pretty strong clue that may give away the song.

ACROSS:

1 – The books containing stories of Jesus

2 – How we communicate with God

3 – The opposite of outside

4 – Not false

5 – Think about for a while

DOWN:

1 – To look for something

2 – To direct or lead

3 – Our personal belief, something we often share

4 – Pumps blood, the figurative place of feelings

5 – Third member of the Godhead
