Action Words

How to Play:

- Pick out keywords from the song to make a simple hand action for.
- You can use all the actions below, or just select a few with more space between the actions.
- The picture icons on the second page can be helpful to show the hand actions, especially when skipping every other one on the challenge round!
- Sing the song through only following the actions (they can skip singing)
- Then sing together with the actions and the words
- As a challenge round – see if they can do only every other action! It's tough!
- You can make actions together with the kids, or use my actions outlined below!
