

# Baptism - Concentration Game (Verse 2)

## How to Play:

- Introduce the song by singing through once before pulling out the activity. Have the concentration game already set up to save transition time.
- Tell the children you're going to play an old TV game show called "Concentration". They will be able to pick one color / set of words to flip over. They'll see part of a picture in place of the words. They'll need to figure out what the picture is of to solve the puzzle!
- We'll all sing the song together, then I'll call on a helper to pick a section of words, by color if easier, to flip over. If they have any guesses, I'll ask them to keep their guess quietly in their mind.
- We'll sing through the song flipping over sections 3-4 times before I'll accept a couple of guesses, once most of the hands are raised. Then, we'll continue singing through the song to flip over all the rest of the pictures. You can add the extension ideas below for more of a challenge or to add variety to the singing activity after they've solved the picture!

## Extension Activity:

- Have the children sing only the words left visible or sing only the words that were flipped over – either way works great!
- Write a letter on each of the pictures out of order to have them also unscramble a word at the end! You could use "Baptism" or "Covenant" or a scripture reference such as "Matt 3:13-16" or "Mark 1:9."
