

I Know My Father Lives

Color Puzzles

How to Play:

- Post the color puzzle pictures. Tell the kids the pictures represent two keywords from the song, I Know My Father Lives. Sing together the song.
- Call up 5 kids to help you color in some of the picture. Give them each one of the colored crayons, markers, or colored pencils. (Red, Orange, Yellow, Green, and Blue). Let them color in sections with their colored dot for about 30-seconds on either of the two pictures.
- Sing the song again, looking for participants while you sing! Repeat coloring and singing until you can clearly guess the two keywords.

Color Puzzles Key:

The color puzzles are:

- Heart – “and loves me too”
 - o All the red dots. There are approximately 32 red dots. The rest of the colored dots are just fillers.
- Sound Volume Symbol – “Spirit whispers this to me”
 - o All the Blue dots. There are approximately 34 blue dots. The rest of the colored dots are just fillers.

Extension Ideas:

- When the coloring activity is finished, let the children sing only the keyword phrases, silently singing the other words of the song. Then switch – silently sing the keyword phrases.
- Have the children color in the activity while you sing, instead. Either up on the board or individual or as a class. Then, they can show you their progress before you start singing again.
- Challenge one side of the room to color and figure out one of the posters while the other side works on the 2nd picture. The kids love a challenge and a race! See which side can fill in their picture first and/or solve the keyword (shape and phrase of the song).
