

Pin the Primary Song Review Game

Preparation:

- Print one or multiple of the song posters included below or send the larger poster sized prints to a print shop.
- You can post the 4 standard letter size printables below with a little bit of margin cropping side-by-side to create a larger print sized poster.
- Gather fun and interesting magnets, or even a pen can work in a pinch!

How to Play Pin the Primary Song Review Game:

- Post the Pin the Primary song game on the white board. Use tape on the back of the corners or small magnets to keep the poster in place.
- Have a volunteer child come up front and close their eyes. You can additionally add a sleep mask or have them pull their face mask up over their eyes, if they'd like to.
- Spin the child twice, then point them in the direction of the whiteboard and poster.
- With their eyes closed, have the child reach out and place their magnet somewhere on the poster. If they're out of range, help redirect them towards the poster.
- Sing together whatever song they've landed on! There are a few choice activities included, and the child would follow those prompts to pick a song!

Alternate Ideas & Extension Activities:

- **Try the poster on the floor instead!** You can arrange the children in a circle and put the poster right in the middle on the floor. Then, grab a prop such as a chunky toddler puzzle piece or a small bean bag and have them toss, spin, flip, etc the item onto the poster to select a song! This is a great way to reuse the poster in a fun new way!
- **Skip Singing:** Sing all of the words EXCEPT the ones in the song title. Or, sing ONLY the words from the song title.
- **Hand Actions:** Have the volunteer pick one action to do throughout the song on the beat or whenever a specific keyword is sung.
