

Follow the Prophet – Prophet Riddles

Activity Instructions:

1. Using understanding of Old Testament prophets, create one clues or riddle that corresponds to each of the prophets. Write or type the riddles onto strips of paper.
2. At the beginning of primary, split the class into two teams.
3. Put one riddle on the board and read it aloud. To solve a riddle, children must raise their hand and guess the prophet that the riddle matches.
4. Award teams points for correctly solving riddles!
5. If teams are struggling to solve the riddle, they may ask a teacher for 1/2 points.

Extension Ideas:

1. Instead of doing a big group competition, do a class competition! Give each class a set of riddles and see which group can solve all the riddles first!
2. Hide the riddles around the room. On the back of each riddle, write a specific way to sing the song. For example, you could write "sing on your tip-toes!" or "Act out your favorite animal!"
3. Divide out the riddles so that each class has a few of them. Have classes only sing the verse of their riddle's prophet!

Follow the Prophet – Prophet Riddles

"40 years is a long time to be in the wilderness. Whenever I buy flowers, I like to buy roses" -

"Whale, Whale, Whale, I will try to listen the first time from now on"

I lived in the garden, the very first man of them all. If you climb up an old ladder, you might fall"

Lions here! Lions there! Lions everywhere!

“Repent and build Zion!” I begged the people. They obeyed and were lifted up to heaven.

My grandson is the father of the 12 tribes, so does that make me the Great-Grandfather?

Chosen as a boy, I serve with JOY. You may think of the Lamanite, but I came long before him!

I was a doctor of hearts, but now I am a healer of hearts.

Can you imagine spending over 150 days in a boat with a bunch of stinky animals? I can.
