

Give, Said the Little Stream – Up & Down

Activity Instructions:

1. At the beginning of primary, review the words to Give, Said the Little Stream.
2. After reviewing the words a few times, introduce the activity by asking the children how many times they think you sing the word "Give" during the song (You might want to sing it one more time and let them count!)
3. Explain that each time you sing the word "give" in the song, everyone will jump up out of their seat and then sit back down until the next time it comes up.
4. After one practice round, look for a child who is singing reverently and invite them to be the leader.

Extension Ideas:

- Make it a competition! See which side can jump up the fastest (Junior primary especially will love this)
- Instead of jumping up and down, pass around an object. Each time you sing the word "Give," have the children pass the object to the right.
- Instead of singing the word "give," hum or clap while you jump up!
