

# Follow the Prophet Matching Activity

## Activity Instructions:

1. Begin by printing or writing out the names of Old Testament prophets. You might also choose to include some modern-day prophets as well.
2. Print out pictures of each prophet you include.
3. At the beginning of primary, review a verse or two of Follow the Prophet.
4. After reviewing the song, tape or use magnets to arrange pictures and words on the board. Make sure they are mixed up!
5. Take turns matching the picture to the prophet while you sing!
6. Continue singing until all prophets are matched to their picture.

## Extension Ideas:

- Make it a group competition! Split the class into groups and give each group a set of names and pictures. See which class can match their prophets the fastest!
- Go through the pictures one at a time while you sing each verse. For example, if you are singing the third verse, see who can find the picture of Noah on the board.
- Give each group a set of prophets and pictures. Have each group only sing the verses for their prophets!
