

Fathers – Line Matching Game

Activity Instructions:

1. At the beginning of singing time, review each verse of Fathers.
2. Ask the kids if they're up for a challenge!
3. Write out phrases of the song, with a few words on one side of the board, and the rest of the phrase on the other side.
4. Make sure the phrases are mixed up!
5. Choose one child to come up and draw a line from of the phrases to its correct match.
6. Continue matching phrases one verse at a time!

Extension Ideas:

- Write phrases on strips of paper, with one half of the phrase on one strip and the other half on another strip of paper. Pass out one piece of paper to each child. While you sing, have the children walk around and find their match!
- Give each class an envelope that contains phrases of one verse. See which class can arrange their verse the fastest! Have each class sing their assigned verse.
- Sing while you match the phrases! Have children come up while you sing and see if you can match all the phrases before you finish singing the verse.
