## **Ideas for Use:**

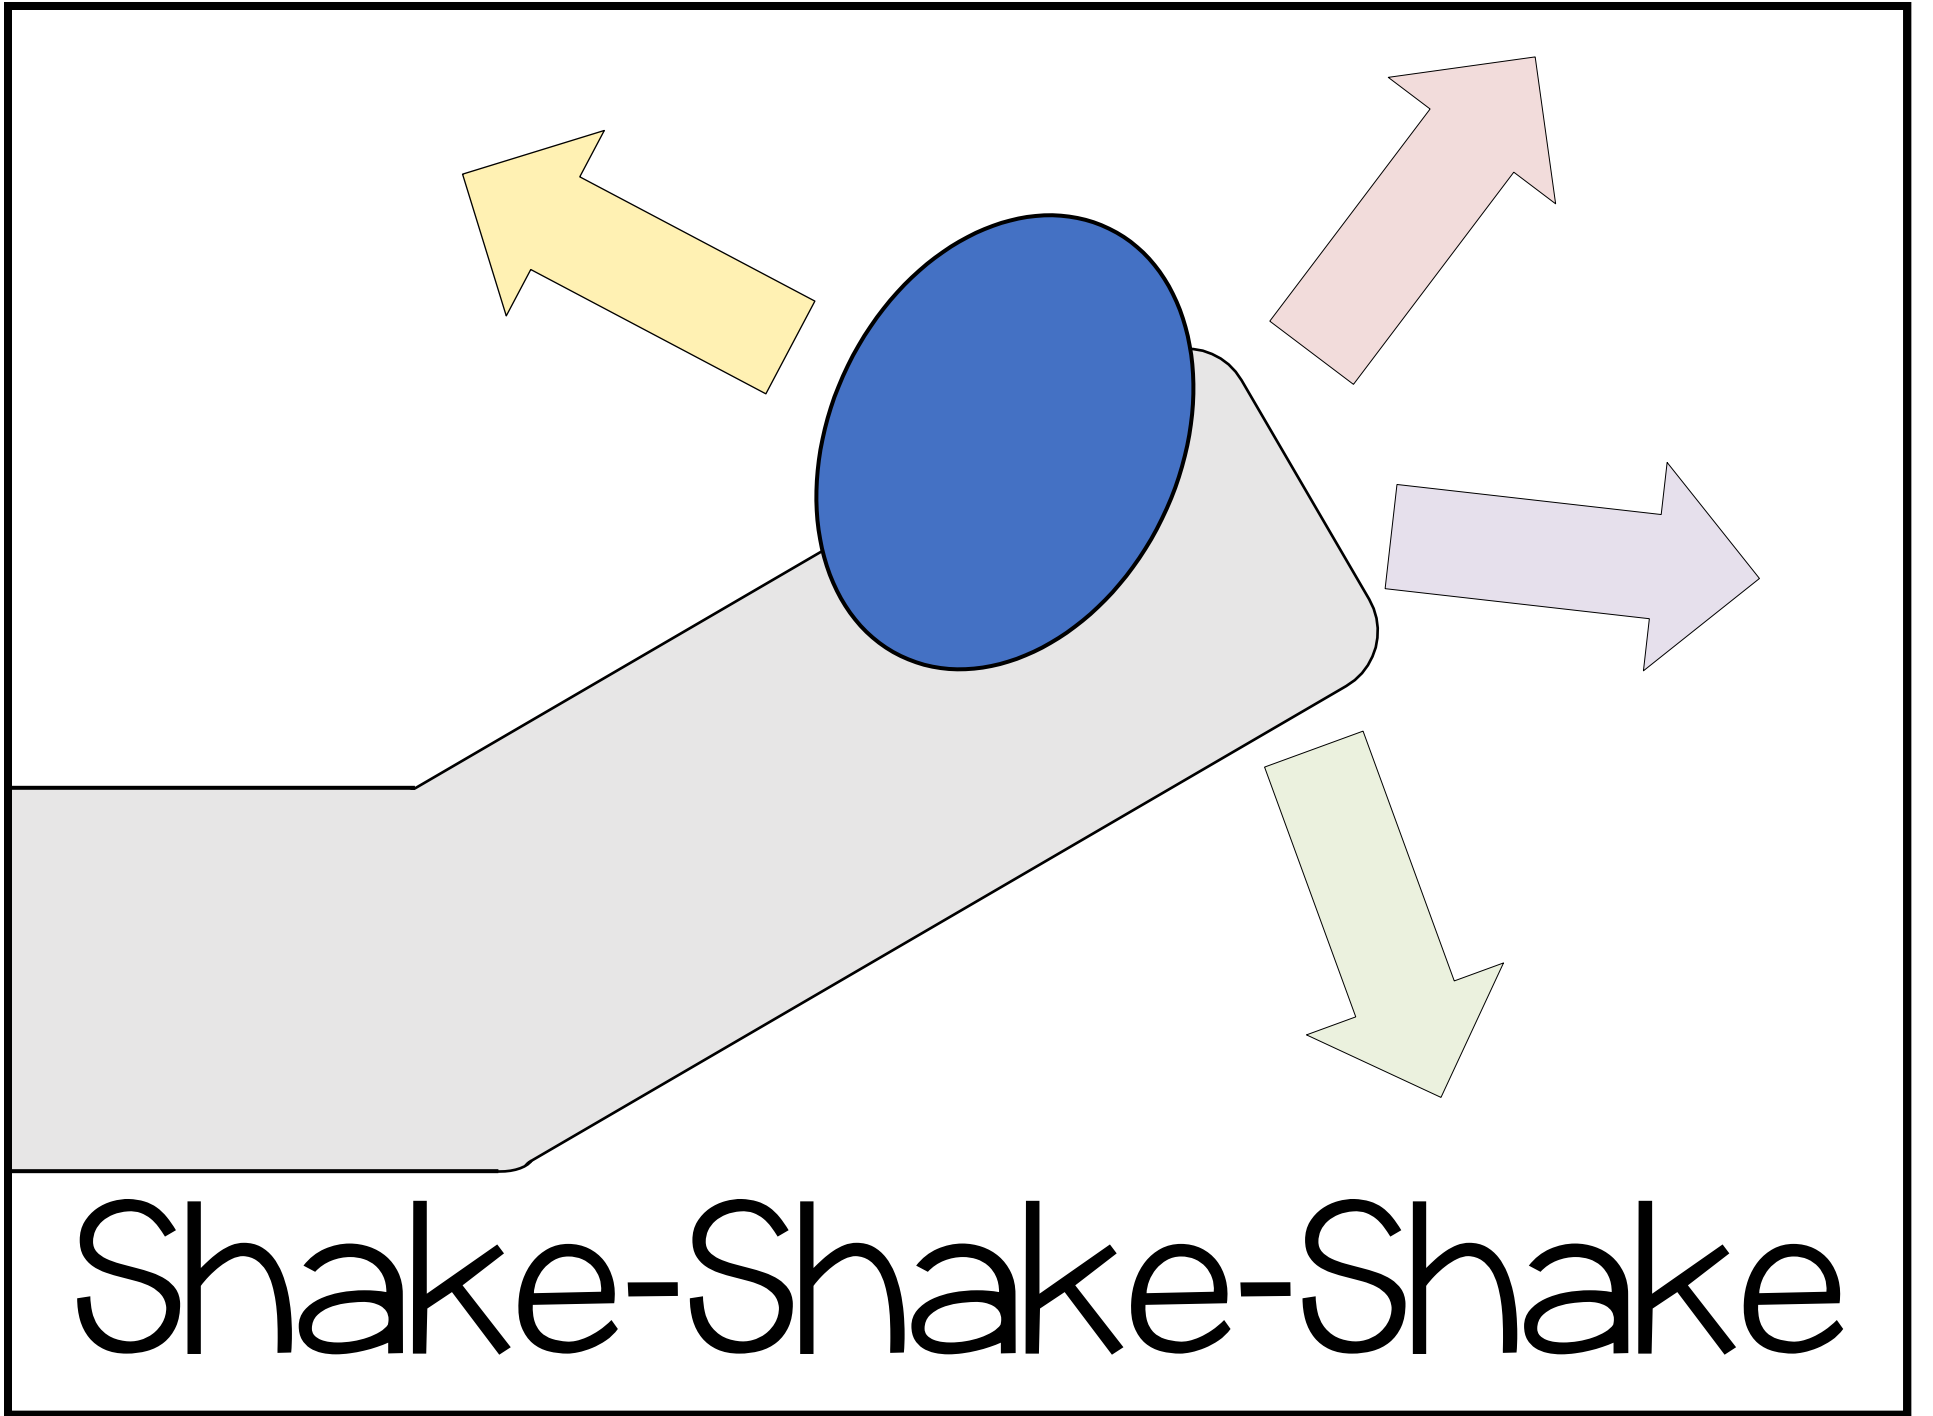

- Make a sequence of actions to fit a song or story. Follow the actions through the song. For long songs, make a shorter sequence that can easily repeat.
- Mix and match the egg shaker beat cards to make a new sequence of actions to try. You can randomly select them before the song or switch every so often at random intervals.
- You might also split into smaller groups and have each group try their own sequence of actions, and then present their version.

**See Also:** Rhythm Stick, Ribbon Wand and Dance Scarves Cards for more actions!
