

Christmas Spot It

How to Play:

Sing in Print Order: Print and then display the cards in sequence showing the cards in the order they printed. Simply display the first 2 cards and have the children find a matching symbol, then keep the 2nd card and flip the 3rd image over and find a new match. Sing through the song after each match is found. This will have you sing 13 Christmas songs. This option is great if you prefer simplicity, and you want to give your pianist a heads up of exactly which songs you'll sing and in the order they'll appear.

Sing in Any Order: For a more challenging option, put all the posters up on the board. You might put 5 in a circle in the center and then 8 in a larger circle around the center 5. Have the children Pick two posters and find a matching symbol. Remove or flip over those posters. Sing through the song, then continue hunting for the "perfect match" pairs!

Extension Activities:

- Use the symbols as a fun way to sing your pre-selected Christmas song, instead of for matching with a variety of Christmas songs! Simply find a match with either option above, and then follow the chart to find the fun way to sing! For this option, you'll want to have jingle bell bracelets, finger lights, and a specific repeating keyword ready ahead of time.
- You can keep all the posters visible and let the kids try to find new combinations. You can even let them repeat songs if they choose to! Cross off symbols as they are used to add to the fun.
- Play a little I Spy and ask the children if they can find a specific picture. How many are there. What song might it represent? Then sing through that song.
- Print out the smaller cards and have the children work together in small groups. Shuffle the Spot It cards and go in order until they get all the way through. Whichever group finishes the fastest gets to pick a song from their final card to sing as a Primary.
- Use the cards one at a time and let the children pick one of the symbols. Sing the coordinating song. You can even let them see the song guide, so they get the opportunity to make choices! You can have a child (plus a friend in a large Primary) pick from the symbols or have the Primary take a quick vote.
