

# Primary New Year Idea: Learn & Grow Flower

## How to Play:

1. Before preparing for this activity, choose your songs for the new year.
2. Gather supplies: Colored paper, scissors, tape.
3. Print out the flower stem & center from the printable. You may choose to print the stem on green colored paper or any other color you'd like! Print out the petals that have the songs you will be teaching. There are also a few blank petals to fill in.
4. Tape the stem to the center of the flower. Keep the petals in a sheet protector or folder.
5. Welcome your primary kids to a new year in primary! Introduce yourself and welcome any new primary kids.
6. Then, bring out the flower stem and tape the petals to the side of the whiteboard. Have the children read through the songs and help them get excited about the new songs they'll be learning!
7. You might ask them if there are any songs on the board that they are already familiar with.
8. Share a short testimony about learning together in primary.
9. Each month, add a petal to your flower. At the end of the year, your flower will be fully grown!

## Extension Activities:

- Have your accompanist play through the songs on the piano as you put up the flower. Share a little bit about why you chose each song.
- Write out some of the doctrines taught in the songs you'll be teaching. Write those doctrines on the back of the petal. When you introduce each song at the beginning of the month, share the doctrine or principle that song teaches.
- Have the kids try to guess what songs you'll be learning! Play a guessing game where you give them hints about each song and see if they can guess correctly!
