God's Love Draw the Song

How to Play:

- Bring this sweet song to life by drawing scripture stories mentioned in the song! For this activity, you'll need some simple art supplies. Grab some markers, colored pencils, crayons, or even stickers for the children to use.
- This sweet song shares stories from the Old Testament, relating God's love for all His children, then and now. The basic idea behind this activity is to draw each scripture scene mentioned in the lyrics. Hopefully this will help deepen your understanding of the lyrics!
- Start by singing through God's Love once before introducing this activity.
- Then, pass out one scripture story to each class and distribute the art supplies.
- Today we're going to draw some pictures! Each class will have one scripture story from this song. Try to draw the scripture story as best as you can, and then we'll share them with the group!
- While each group works on their picture, have the pianist play the song in the background or play it on a speaker. Even though the children aren't actively singing, they are hearing the words. The more they hear the song, the more they'll be able to remember the lyrics and develop an understanding about its meaning.
- Set a timer, then have all the groups put away their supplies. Who wants to go first?
- Have each class share their picture, then sing through the song once more before closing with your testimony.

Extension Activities:

- Create an "art gallery" with your pictures! Tape the blank pages throughout the room. Give each child a few crayons to start with. Then, set a short timer and divide up the kids so that there are only a few kids at each picture. Draw until the timer goes off! Then, add to another picture!
- After sharing the pictures, put all the stories in the correct order that they appear in this song!
- Popcorn sing! Have each group sing only the lines for which they drew the picture. Have all the children sing the chorus together!

**He gave Job sons and
